# Bachelor of Arts

## Major in Art with Emphasis in Graphic Design\*

### Student Worksheet

The Bachelor of Arts degree, major in Art with an emphasis in graphic design, is intended to prepare students for careers in graphic design in a variety of settings. The program integrates the content areas of design theory, production, history, criticism, and aesthetics and utilizes traditional art and design techniques with industry standards in digital technology. Graduates from the BA program are prepared to locate employment in creative departments in corporations, retail establishments, advertising design and public relations firms, and print and Web publishing organizations.

Portfolio review is required for students seeking admission to the Graphic Design program, including all transfer students or students changing majors. Deadlines and submission requirements for the portfolio may be obtained from the USC Upstate Admissions Office and the Department of Fine Arts and Communication Studies.

# Bachelor of Arts in Art Education

## *Student Worksheet*

The Bachelor of Arts Degree in Art Education is intended to prepare students for careers as K-12 art teachers, for graduate work in art education and for employment in schools, museums, community art organizations and libraries. During the semester that a student completes 60 hours, he/she must apply to the Department of Fine Arts and Communication Studies to be admitted to the professional art education program which comprises his or her junior and senior years. Admission of applicants is based on individual consideration. Each applicant must fulfill the following requirements:

- Completion of English 101 and 102, Speech 201 and Art 103 or their equivalents, with grades of "C" or better;
- Successful completion of Math 121 or equivalent;
- GPA of at least 2.5 on at least 60 hours earned;
- The achievement of passing scores on all three sections of the Praxis Pre-Professional Skills Test (PPST);
- Two letters of recommendation from faculty
- Clear criminal record from South Carolina Law Enforcement Division.

When the student completes the required content course work and practicum hours, he/she will apply for admission to a directed (student) teaching course. The following criteria must be met:

- Admission to the Professional Program
- Minimum 2.5 GPA
- 90 semester hours completed (at end of the current semester)
- 100 hours of practicum in the schools
- A grade of "C" or better in the Professional Education courses
- FBI fingerprint card

*Detailed guidelines and requirements may be obtained from the USC Upstate Admissions Office and the Department of Fine Arts and Communication Studies.*

# Bachelor of Arts

## Major in Commercial Music

### Student Worksheet

The mission of the Bachelor of Arts in Commercial Music at USC Upstate is to provide an experiential learning environment that prepares the student for careers in performing, private instruction, music directing, career management, publishing, booking, or working with technology in contemporary and diverse professional music settings.

With the ever-growing array of opportunities available in performance, education, recording, publishing, and technology, the commercial music field demands skills that incorporate knowledge of practical music theory, ear training, contemporary music repertoire, pedagogy, composition, arranging, improvisation, technology, history, and music business. The curriculum of the Bachelor of Arts in Commercial Music at USC Upstate is structured to provide the student a thorough understanding of these skills.

A liberal arts philosophy in this field separates USC Upstate from other institutions by requiring involvement in both contemporary and traditional music styles combined with a wide range of academic study. This philosophy provides the student with a well-rounded understanding for the professional world of music and its diverse opportunities.

# Department of Informatics

The Bachelor of Arts in Information Management and Systems is a multidisciplinary degree integrating an understanding of computer technology, information processing technology, communications, discipline-specific knowledge, information resources administration, and the ability to recognize relationships between technical systems and social structures. The program prepares graduates to design, implement, analyze, and manage information resources and use information technology to solve problems in healthcare, industry, government, and educational settings. The curriculum for the B.A. in Information Management and Systems includes 43-44 hours in general education, 42 hours in the information technology core, 12 hours in digital media, and 18 hours in an application area or 18-27 hours in a departmental recommended minor. The application areas provide instruction in the application of technology in one of four fields: healthcare, media and communication, education, and business.

Students who have received an associate degree from an accredited healthcare information management program and hold the registered health information technician (RHIT) certification may enroll in the accredited healthcare informatics application area (accreditation by the Commission on Accreditation for Health Informatics and Information Management Education [CAHIIM] is pending). Students completing the accredited program of study must, in addition to all other requirements for the healthcare informatics application area, perform a practicum in a healthcare setting (SHIM 498), take an approved statistics course (SPSY 225), and take a course in department management (SHIM 250). Upon completion, students are eligible to take the registered health information administrator (RHIA) certification exam.

# *Natural Sciences and Engineering*

The Division of Natural Sciences and Engineering, in the College of Arts and Sciences, offers the Bachelor of Science degree in biology and chemistry and engineering technology management. Minors are also offered in biology and chemistry. Courses are offered in the areas of engineering, geology, physical science, physics and astronomy. Students interested in the following professional programs typically pursue coursework under this division: chiropractic, dental, engineering, medical, optometry, occupational therapy, pharmacy, physician assisting, physical therapy, speech pathology, and veterinary medicine.

In general, assignments for courses numbered 300 or above are more rigorous and the grading standards more demanding than for courses numbered 299 or lower.

## Minor in Business Administration<sup>4,5,6</sup> 18

## Total Hours Required 124-130

<sup>2</sup> A maximum of 76 hours, including 31 hours of technical courses, may be transferred from a technical college curriculum. All courses transferred for degree credit must be a minimum grade of "C."

<sup>3</sup> The successful completion of Mathematics 141 with a minimum grade of C fulfills Group II requirements. The additional hours are electives.

<sup>4</sup> SECO 221 or SECO 222 is recommended for a Social and Behavioral Sciences elective for students choosing to complete a minor in Business Administration.

<sup>5</sup> SECO 222 is recommended for a Social and Behavioral Sciences elective for students planning to take SECO 321 and/or 326 for the cognate or minor in Business Administration.

<sup>6</sup> A minimum grade of C is required.

<sup>7</sup> To receive an Engineering Technology Management degree, students must complete at least 15 hours of major course credit at USC Upstate.

<sup>8</sup> Technical content transfers in from the associate degree in an Engineering Technology area.

<sup>9</sup> College-level technical communications course (e.g., SEGL 346 Technical Writing or SIMS 345 Technical Presentation & Communication).

## Bachelor of Science in Engineering Technology Management Suggested Course Sequence

Freshman and sophomore level courses are taken as part of a required ABET Accredited associate degree in engineering technology. A grade of “C” or better is required for all courses transferred for degree credit.

### Freshman and Sophomore Years (57 semester hours)

The following courses are typically completed during the Freshman and Sophomore years in Engineering Technology programs. Consult your technical college course schedule for specific engineering technology program requirements and optimum course sequencing.
