

**George Dean Johnson, Jr.**  
**College of Business & Economics**

## ***Accreditation***

Business programs are accredited by The Association to Advance Collegiate Schools of Business (AACSB International).

## ***Vision***

The vision of the Johnson College of Business and Economics (JCBE) is to become the school-of-first-choice for an excellent baccalaureate business administration education for students of the Upstate of South Carolina.

## ***Mission***

USC Upstate's Johnson College of Business and Economics provides and delivers excellent undergraduate business education to a diverse student population. In support of this mission,

- Our educational programs prepare graduates to enter and succeed in a variety of business careers in an expanding global environment through a focus on current and ethical business practices.
- Our faculty is engaged in intellectual pursuits that focus primarily on applied scholarship and teaching excellence.
- Our community and service activities are developed in partnership with business and professional constituencies to enhance the quality of life and economic well being in the upstate metropolitan region.
- As a school, we hold our faculty, staff and students accountable for practicing a high degree of personal and professional excellence, integrity and civility.

## ***Program Goals***

The goals of the JCBE for the accomplishment of the mission are to:

- Provide an excellent education to a diverse student body
- Implement the curriculum with a high quality faculty

## ***Degree Programs***

The Johnson College of Business and Economics offers programs leading to the degree of Bachelor of Science in Business Administration. Minors in business administration and economics are also offered. In addition to the Spartanburg downtown campus on East St. John Street, courses are also offered at the Greenville campus. Students are invited to visit the Johnson College of Business and Economics to explore career opportunities.

All Johnson College students are required to take the specified general education courses. All students then take a common business and economics core sequence, spanning the full range of business functions. Finally students select a concentration.

Students should begin with the recommended curriculum as early as possible. This sequence includes a combination of business, economics and general education courses suggested for each semester in which the student is enrolled. It is imperative that students begin their mathematics/statistics sequence in the first semester of their freshman year and continue this sequence each semester to make adequate progress in any of the business concentrations. Students in business administration and economics are advised by the faculty from the Johnson College of Business and Economics.

Students not pursuing a Business degree may earn a maximum of 29 semester hours in Business courses, excluding SECO 221, 222, 291, and 292, providing they meet the course prerequisites and have earned 54 credit hours before enrolling in 300-level and above courses.

Students pursuing a Bachelor of Science degree in Business may also pursue any university approved minor except the economics minor and the business administration minor. See catalog section concerning minors. Usually, completing the degree with a minor will require more than the minimum 120 credit hours to graduate.

## ***Admission to the Professional Program (Upper Division)***

Students seeking a degree in business must be admitted to the Professional Program (upper division) before enrolling in 300-level or above business administration (SBAD) and economics (SECO) courses.

## ***Application Process***

The professional program application form may be obtained from the Johnson College of Business and Economics (JCBE) Office of Student Services or on the Upstate Web site. The application must be filed with the JCBE Office of Student Services no earlier than the term in which students anticipate completing 54 credit hours.

## ***Application Deadlines***

Students must be accepted into the professional program before they are eligible to register for upper level (300 and above) business and economics courses.

## ***Admission Requirements***

Admission of applicants is based on individual consideration. Each applicant must fulfill the following requirements:

- Successful completion of 54 credit hours
- Cumulative GPA of at least 2.0
- Completion with a C or better: SEGL 101, SEGL 102, SSPH 201, and SMTH 122
- Successful completion of SBAD 225 and SECO 221 or 222

## ***Conditional Approval***

Students are conditionally approved for professional program admission during the semester of application to facilitate registration for the following semester. If the student's final academic performance for the semester does not meet the admission requirements, it is the student's responsibility to make the necessary schedule adjustments.

## ***Transfer Students and Conditional Approval***

Transfer students who have met the 54-credit hour and GPA requirements at time of admission may be granted conditional admission for one semester in order to complete the specific course requirements.

## ***Graduation Requirements***

In addition to meeting the curriculum requirements for a degree in business administration, graduation requires a minimum cumulative GPA of 2.0 and a minimum grade of C (S in SBAD 499) on all upper division Business courses. (A grade of D or higher is acceptable for meeting a course prerequisite requirement unless otherwise specified in the catalog course description.) The highest grade earned on any course in business and economics is applied toward the degree. At least 50 percent of the business and economics credit hours applied toward graduation must be awarded by USC Upstate.
