

## Bachelor of Arts in Information Management & Systems/Health Information Management Concentration

Freshman and sophomore level courses are taken as part of a required technical college associate degree in an accredited Health Information Management (HIM) program. A grade of “C” or better is required for all courses transferred for degree credit. Consult your technical college course schedule for specific HIM requirements and the best course sequencing.

Students applying for admission to this program must have completed their associate degree and possess the RHIT credential or be eligible to take the RHIT exam. The exam must be completed within six months of entering this program.
