

Dear Faculty, Staff, and Students of USC Upstate,

I want to share two things with you, my friends and customers. I want to share with you two examples of why I am proud to be a part of OfficeMax ImPress. And, these same examples should make you proud to do business with us.

First of all, did you know that one of the charities OfficeMax supports is *Adopt a Classroom*?

Our teachers spend over \$4 BILLION a year in out-of-pocket expenses in order to get the tools they need to help our students be successful. In sponsoring this great cause, OfficeMax matched all associate contributions during this past year. Last year, I contributed to my granddaughter's first grade teacher, and this year I will do the same for her second grade teacher! You may think, "How can \$1200 worth of office supplies make a difference?" I can tell you it made a huge difference to that teacher and in turn to those 20+ students, and to the families that weren't asked to supply those items. Imagine if every teacher could have that luxury? It is possible! Shout it out to your parent teacher organizations, to your church members, to your association members, to your teen service organizations, to anyone who cares about our schools! As a grandmother, it is nice to know I can make a direct impact to my grandchildren's education just by donating \$50 a month (remember, OfficeMax matched my contribution!).

Secondly, every October we have one of the largest corporate single-day volunteer events in history, "A Day Made Better". With a force of 4000 OfficeMax associate volunteers, we go into 1200 classrooms throughout the United States and present 1200 very surprised teachers with over \$1 million in supplies-everything from handsome office chairs and digital cameras to Post It Notes, Sharpies, and glue sticks! Watching the videos from that day each year brings tears to my eyes and over-flows the heart.

(Funny how these things don't make a splash in the evening news casts.)
OfficeMax really is helping our public schools to "Mold America's Future"!
And, it really makes me proud.

We know we have competitors out there. But, do they stand for anything? What have they done to make your community, your state, your country stronger?
OfficeMax knows that by partnering with you and helping your school reach its potential, you are helping us reach out into the community to make us all stronger.

Also, did you know OfficeMax gives back to USC Upstate 1% of every penny you spend with us?

You have a choice of who to call when you have print needs. Call us, at OfficeMax ImPress.
Support a company that obviously supports you.

We look forward to hearing from you!

Best Regards,

Peggie
