WAIVER OF 2.0 OVERALL GPR REQUIREMENT FOR GRADUATION

In order to graduate from the University of South Carolina Upstate, a list of courses meeting all regulations and requirements of their school and major, which successfully complete degree requirements with a GPR of at least 2.00 must be submitted to the academic dean. However, the student's overall GPR is determined on the basis of all courses attempted for credit, whether or not they are on this list, and may therefore be less than 2.00.
