

Intramural Sports Officials Program

Have you ever yelled at an official?

Ever think you could do that job better than the person out there?

Are your competitive days over, but you still want to stay close to the game?

Have you even noticed the officials at a game?

How About Trying to Officiate

Many of the officials you see on TV got their start officiating Intramural sports in college or high school.

You don't need to know anything about officiating or the game for that matter. Our pre-season training clinics are designed to teach you the basics of refereeing a particular sport.

Come on out and give it a try. We pay competitive rates and can give you the opportunity to make more money by officiating in the community.

Contact us at 864-503-5174 or drop by the Campus Recreation Office on the top level in the Wellness Center.

What you can learn as a Sports Official
