

College of Arts and Sciences

The College of Arts and Sciences is comprised of the following academic units: Department of Fine Arts and Communication Studies; Department of Languages, Literature and Composition; Division of Mathematics and Computer Science; Division of Natural Sciences and Engineering; Department of Psychology; and Department of Social Sciences, Philosophy and History. The College of Arts and Sciences, as the cornerstone of the University of South Carolina Upstate, provides curricula for the general education requirements and for diverse liberal arts and sciences majors. Consistent with the University's mission, the college provides opportunities for students to:

- acquire proficiency in communications and mathematics;
- develop the ability to reason, critically and ethically;
- obtain historical, scientific, social and cultural perspectives;
- attain a high level of scholarship in the humanities and sciences degree programs; and
- regard learning as a continuing process of intellectual growth.

Enrichment programs resulting from these educational endeavors of the College of Arts and Sciences benefit the intellectual and cultural life of the entire community.

Fine Arts and Communication Studies

The Department of Fine Arts and Communication Studies in the College of Arts and Sciences offers the Bachelor of Arts degree with majors in communication and graphic design. A partnership with Converse College offering music courses is also available. In general, assignments for courses numbered 300 or above are more rigorous and the grading standards more demanding than for courses numbered 299 or lower.

Bachelor of Arts

Major in Graphic Design

Student Worksheet

The bachelor's degree in graphic design is intended to prepare students for careers in graphic design as well as graduate work in graphic design. The program integrates the content areas of design theory, design production, design history, design criticism and design aesthetics. As understanding the nature of a design problem is prerequisite to implementing any technical application, instruction provides a foundation in creativity, critical thinking and problem analysis. The program integrates traditional art techniques with computers and courses are offered in exploring new media design. Graduates from the bachelor's program are prepared to locate employment in creative departments in major corporations, retail stores, and advertising, design, or publishing firms. Portfolio review is required for admission to the graphic design major. Deadlines and submission requirements for the portfolio may be obtained from the USC Upstate Admissions Office and the Department of Fine Arts and Communication Studies.

¹Up to 6 hours of General Education (<300 level) may be used to satisfy requirements of a minor.

²Minimum grade of C is required for all coursework.

³This minor requires language proficiency at the 202 level or above. No language courses below the 201 level count toward the minor. Students may take courses through the 202 level or attempt a placement test in any foreign language. Students who test at the 201 level must take 202. Students who have already completed 202 or test at the 202 level have two options: take an additional language course (including culture course taught in a foreign language, conversation course, translation course, etc.) or take an additional course from the accepted courses for the minor.

⁴Students exempt from the language requirement will need 18 hours. Otherwise the requirement will be 21 hours.

Natural Sciences and Engineering

The Division of Natural Sciences and Engineering, in the College of Arts and Sciences, offers the Bachelor of Science degrees in biology and chemistry. Minors are also offered in biology and chemistry. Courses are offered in the areas of engineering, geology, physical science, physics and astronomy. Students interested in the following professional programs can pursue coursework under this division: chiropractic, dental, engineering, medical, optometry, occupational therapy, pharmacy, physician assisting, physical therapy, veterinary medicine and speech pathology.

In general, assignments for courses numbered 300 or above are more rigorous and the grading standards more demanding than for courses numbered 299 or lower.
