

***College of Arts and Sciences***

The College of Arts and Sciences is comprised of the following academic units: Department of Fine Arts and Communication Studies; Department of Languages, Literature and Composition; Department of Informatics; Division of Mathematics and Computer Science; Division of Natural Sciences and Engineering; Department of Psychology; Department of History, Political Science, Philosophy and American Studies and Department of Sociology, Criminal Justice and Women's Studies. The College of Arts and Sciences, as the cornerstone of the University of South Carolina Upstate, provides curricula for the general education requirements and for diverse liberal arts and sciences majors. Consistent with the University's mission, the college provides opportunities for students to:

- acquire proficiency in communications and mathematics;
- develop the ability to reason, critically and ethically;
- obtain historical, scientific, social and cultural perspectives;
- attain a high level of scholarship in the humanities and sciences degree programs; and
- regard learning as a continuing process of intellectual growth.

Enrichment programs resulting from these educational endeavors of the College of Arts and Sciences benefit the intellectual and cultural life of the entire community.

## ***Fine Arts and Communication Studies***

The aim of the Department of Fine Arts and Communication Studies (FACS) is to support the overall mission of USC Upstate by enhancing the intellectual, ethical, cultural and professional development of fine arts and communication students. The faculty is committed to preparing students to become competent professionals in art, media arts, journalism and mass communication, music, speech communication and theatre. FACS offers the Bachelor of Arts degree in communication with concentrations in electronic media, journalism and mass communication, speech and theatre as well as the Bachelor of Fine Arts in art studio with an emphasis in graphic design and a Bachelor of Arts in Art Education.

# Bachelor of Fine Arts Major in Art Studio with an Emphasis in Graphic Design *Student Worksheet*

The Bachelor of Fine Arts degree in Art Studio with an emphasis in graphic design, is intended to prepare students for careers in graphic design as well as graduate work in graphic design. The program integrates the content areas of design theory, design production, design history, design criticism, and design aesthetics.

As understanding the nature of a design problem is prerequisite to implementing any technical application, instruction provides a foundation in creativity, critical thinking and problem analysis. The program integrates traditional art techniques with computer technology and courses are offered in the exploration of new media design. Graduates from the BFA program are prepared to locate employment in creative departments in major corporations, retail stores, and advertising design or publishing firms. Portfolio review is required for admission into the graphic design program. Deadlines and submission requirements for the portfolio may be obtained from the USC Upstate Admissions Office and the Department of Fine Arts and Communication Studies. Portfolio review requirements also pertain to all transfers or students changing majors.

# Bachelor of Arts in Art Education

## Student Worksheet

The Bachelor of Arts Degree in Art Education is intended to prepare students for careers as K-12 art teachers, for graduate work in art education and for employment in schools, museums, community art organizations and libraries. During the semester that a student completes 60 hours, he/she must apply to the Department of Fine Arts and Communication Studies to be admitted to the professional art education program which comprises his or her junior and senior years. Admission of applicants is based on individual consideration. Each applicant must fulfill the following requirements:

- Completion of English 101 and 102, Speech 201 and Art 103 or their equivalents, with grades of "C" or better;
- Successful completion of Math 121 or equivalent;
- GPA of at least 2.5 on at least 60 hours earned;
- The achievement of passing scores on all three sections of the Praxis Pre-Professional Skills Test (PPST);
- Two letters of recommendation from faculty
- Clear criminal record from South Carolina Law Enforcement Division.

When the student completes the required content course work and practicum hours, he/she will apply for admission to a directed (student) teaching course. The following criteria must be met:

- Admission to the Professional Program
- Minimum 2.5 GPA
- 90 semester hours completed (at end of the current semester)
- 100 hours of practicum in the schools
- A grade of "C" or better in the Professional Education courses
- FBI fingerprint card

*Detailed guidelines and requirements may be obtained from the USC Upstate Admissions Office and the Department of Fine Arts and Communication Studies.*

# *Department of Informatics*

The Bachelor of Arts in Information Management and Systems is a multidisciplinary degree integrating an understanding of computer technology, information processing technology, communications, discipline-specific knowledge, information resources administration, and the ability to recognize relationships between technical systems and social structures. The program prepares graduates to design, implement, analyze, and manage information resources and use information technology to solve problems in healthcare, industry, government, and educational settings. The curriculum for the B.A. in Information Management and Systems includes 43-44 hours in general education, 42 hours in the information technology core and informatics, 12 hours in digital media, and 18 hours in a concentration area. The application areas provide instruction in the application of technology in one of four fields: healthcare, media and communication, education, and business.

Students who have received an associate degree from an accredited healthcare information management program and hold the registered health information technician (RHIT) certification may enroll in the accredited healthcare informatics application area (accreditation by the Commission on Accreditation for Health Informatics and Information Management Education [CAHIIM] is pending). Students completing the accredited program of study must, in addition to all other requirements for the healthcare informatics application area, perform a practicum in a healthcare setting (SHIM 498), take an approved statistics course, and take a course, and take a course in department management (SHIM 250). Upon completion, students are eligible to take the registered health information administrator (RHIA) certification exam.

# *Natural Sciences and Engineering*

The Division of Natural Sciences and Engineering, in the College of Arts and Sciences, offers the Bachelor of Science degree in biology and chemistry and engineering technology management. Minors are also offered in biology and chemistry. Courses are offered in the areas of engineering, geology, physical science, physics and astronomy. Students interested in the following professional programs typically pursue coursework under this division: chiropractic, dental, engineering, medical, optometry, occupational therapy, pharmacy, physician assisting, physical therapy, speech pathology, and veterinary medicine.

In general, assignments for courses numbered 300 or above are more rigorous and the grading standards more demanding than for courses numbered 299 or lower.

# Sociology, Criminal Justice and Women's Studies

The Department of Sociology, Criminal Justice and Women's Studies in the College of Arts and Sciences offers the Bachelor of Arts degree in sociology and the Bachelor of Science degree in criminal justice. Minors are offered in sociology, criminal justice, geography and women's studies. In general, assignments for courses numbered 300 or above are more rigorous and the grading standards more demanding than for courses numbered 299 or lower.
