

## **Financial Aid**

## Purpose and Eligibility

USC Upstate offers a full range of financial assistance programs designed to assist students and their families with the cost of education. These programs provide financial aid resources in the form of grants, scholarships, loans and employment opportunities. These resources are awarded to students based on financial need, academic promise, leadership potential, special talents, or a combination of these criteria. Descriptions of these programs and their requirements may be found in the following pages of this catalog. In 2009-2010, more than \$47-million in financial aid was awarded to USC Upstate students.

Eligibility for assistance based on financial need is determined by completing a federally approved needs analysis form, the Free Application for Federal Student Aid (FAFSA). Students may complete the FAFSA electronically at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). The Title IV code for USC Upstate is 006951. The FAFSA calculates how much the family should reasonably contribute toward the cost of college from current income and resources. The difference between what the family can contribute and the cost of education is the student's financial need. USC Upstate seeks to identify and provide funds to meet the financial needs of its students, to the extent resources are available. It is intended that no student be denied an education because of financial need.

Financial assistance programs have individual requirements in addition to a demonstration of financial need through completion of the FAFSA. These requirements generally include, but are not limited to, enrolled in good standing in a program of study leading to a degree or teaching certificate, enrollment in a minimum number of hours each semester, and maintenance of satisfactory academic progress. Students receiving state, federal or institutional financial aid must be enrolled in 12 or more USC Upstate hours to be considered full-time for financial aid purposes.

## Satisfactory Academic Progress

Institutions participating in Title IV federal financial aid programs are required by the U.S. Department of Education to establish institutional policies that define satisfactory academic progress. All students who receive federal or institutional financial assistance at USC Upstate are expected to maintain satisfactory progress toward completion of their programs of study in a reasonable period of time. Financial assistance programs covered by this policy include all federal financial aid programs (Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Academic Competitiveness Grant, National SMART Grant, TEACH Grant, Federal Subsidized and Unsubsidized Direct Loans, Federal Perkins Loans, Federal Parent Loans for Undergraduate Students, and Federal Work-Study), South Carolina Teacher Loans, State Need Based Grant and institutional financial assistance programs (athletic grants and minority incentive grants).

The following policy has been approved by the USC Upstate Financial Aid Committee. Students are considered to be making satisfactory academic progress if they:

1. are admitted and enrolled as degree-seeking or teacher certification students;

2. meet the university standards for continued enrollment as specified in the "Academic Standing" section of this catalog;
3. complete requirements for a degree or certificate within a reasonable length of time as specified below and on the following page:
  - a. The total number of semesters of full-time enrollment (12 or more semester hours attempted) at any post-secondary institution does not exceed 12 semesters for a four-year degree;
  - b. The total number of semesters of part-time enrollment (fewer than 12 semester hours attempted) does not exceed the equivalent of 12 full-time semesters for a four-year degree.
4. earn no fewer than the following specified hours of undergraduate semester hours per academic year (includes fall, spring and summer terms). Classification as full-time, three-quarter-time or half-time is determined at the end of the 100% refund period each semester, which is the last day of registration. Therefore, withdrawing from courses at any time after the last day of registration and not earning the required number of hours fails to meet satisfactory academic progress requirements. *Note: You are allowed up to six hours of probation if you do not meet the following requirements:*

Full-time student (12 or more hours attempted a semester)

1st year	24 hours per academic year
2nd year	24 hours per academic year or 48 hours total
3rd year	24 hours per academic year or 72 hours total
4th year	24 hours per academic year or 96 hours total
5th year	24 hours per academic year or 120 hours total

Three-quarter-time student (9-11 hours attempted a semester)

1st year	18 hours per academic year
2nd year	18 hours per academic year or 36 hours total
3rd year	18 hours per academic year or 54 hours total
4th year	18 hours per academic year or 72 hours total
5th year	18 hours per academic year or 90 hours total
6th year	18 hours per academic year or 108 hours total
7th year	18 hours per academic year or 120 hours total

Half-time student (6-8 hours attempted a semester)

1st year	12 hours per academic year
2nd year	12 hours per academic year or 24 hours total

3rd year	12 hours per academic year or 36 hours total
4th year	12 hours per academic year or 48 hours total
5th year	12 hours per academic year or 60 hours total
6th year	12 hours per academic year or 72 hours total
7th year	12 hours per academic year or 84 hours total
8th year	12 hours per academic year or 96 hours total
9th year	12 hours per academic year or 108 hours cumulative
10th year	12 hours per academic year or 120 hours total

*Note: Hours that are transferred in from another school(s) must be calculated to determine the quantitative element of academic progress.*

### **Second Degree or Certification Students**

Students seeking a second degree or teacher certification with an undergraduate degree are required to appeal. The student must explain why a second degree or career change is required, be accepted by the school or division to which the student is applying, and have an anticipated graduation date determined by the faculty advisor. If the student's plan is deemed reasonable and all documentation is provided, an extension of eligibility will be granted for a maximum of four full-time equivalency semesters or anticipated graduation date.

### **Academic Suspension**

Students serving suspensions will not be eligible for financial aid during periods of open enrollment. Students not making satisfactory academic progress are not eligible for financial aid.

### **Appeal Process**

If a student's ability to meet these standards was affected by extenuating circumstances, he or she may appeal this determination. Information concerning the appeals process is available in the Office of Financial Aid and Scholarships. Students not meeting these standards at the end of spring term may attend summer school to make up deficit hours or improve the cumulative grade point average. Incomplete appeals will be returned upon receipt. The committee's decision is final and cannot be further challenged.

## **Grants**

**Federal Pell Grants** are designed to be the foundation of financial aid. Their purpose is to ensure that all eligible students have at least some of the money needed to continue their education after high school. The amount of a Federal Pell Grant award depends on a student's financial need, the cost of the student's education, and the amount of time the student is enrolled during the school year.

**Federal Supplemental Educational Opportunity Grants** are awarded to a very limited number of students

with the greatest financial need. The grants are restricted due to the shortage of appropriated federal funds, with preference to Federal Pell Grant recipients.

**Federal Academic Competitiveness Grant (ACG) and National SMART Grant.** The Academic Competitiveness Grant and the National SMART Grant were created by the "Higher Education Reconciliation Act of 2005." These grants are available to full-time students receiving a Pell Grant who meet all eligibility requirements. Grants for first and second year students are called Academic Competitiveness Grants (ACG), while grants for third and fourth year students are called National Science and Mathematics Access to Retain Talent (SMART) Grants. *Funding for the ACG and SMART Grants will end after the 2010-2011 academic year.*

**TEACH Grant Program.** Through the College Cost Reduction and Access Act of 2007, Congress created the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program that provides grants of up to \$4,000 per year to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. Students are required to sign an agreement to serve. Please go to the USC Upstate Web site for additional information.

## **Loans**

### **Campus-based Loans**

**Federal Perkins Loans** permit students to borrow money from the federal government through the University based on need as calculated from the FAFSA. Repayment and interest begin nine months after graduation, leaving school, or dropping below half-time enrollment. The interest rate is 5 percent per year and repayment may be extended over a period of 10 years.

### **Federal Direct Loan Program (FFELP)**

**Federal Subsidized Direct Loan Program** is a need-based program that allows students to borrow for educational expenses. The federal government pays the interest on these loans as long as students are enrolled on at least a half-time basis.

Loan eligibility is based on financial need, class standing, and anticipated graduation date. Freshman students may borrow up to \$5,500 annually (\$3,500 subsidized, \$2,000 unsubsidized). Students with sophomore class standing may borrow up to \$6,500 annually (\$4,500 subsidized, \$2,000 unsubsidized) and those classified as juniors and seniors may borrow up to \$7,500 annually (\$5,500 subsidized, \$2,000 unsubsidized).

**Unsubsidized Federal Direct Loan Program** is available for students who do not qualify, in whole or in part, for the Federal Subsidized Direct Loan. The terms for this loan are the same as those described for the Federal Subsidized Direct Loan Program with the following exceptions.

- The annual loan limits for dependent, undergraduate students are the same as those for the Subsidized Direct Loan. The annual loan limits

for independent, undergraduate students are as follows (subsidized and unsubsidized): \$9,500 for students who have not completed the first 30 hours of an undergraduate degree, \$10,500 for students with sophomore class standing, and those students classified as juniors and seniors may borrow up to \$12,500 annually.

**Federal Parent Loans for Undergraduate Students (PLUS)** allow parents to borrow up to the cost of education less other aid received each year without regard to income. A credit check is required of all parent borrowers. Repayment of principal and interest begins within 60 days after the final loan disbursement. The interest rate will be determined by the U.S. Secretary of Education according to the formula prescribed by Congress.

### *Alternate Sources of Assistance*

**The HOPE Scholarship Tax Credit and Lifetime Learning Tax Credit** was created from the Taxpayer Relief Act of 1997 to assist families to offset tuition costs. These are non-refundable tax credits, not scholarships, which reduce the amount of federal income tax families must pay. Families who will benefit are middle-and lower-middle-income families who do not receive enough gift aid to cover tuition payments.

The HOPE tax credit is valued at up to \$1,500 per tax year, per child, for the first two years of undergraduate study. The Lifetime Learning tax credit is valued at up to \$1,000 per year, per family, for an unlimited number of years. The credit varies according to family income, tuition costs and the amount of gift assistance received.

To be eligible, a taxpayer must file a tax return, must owe taxes and must claim the student as an exemption (self, spouse or dependent). Additionally, married filers must file jointly. The tax credit is phased out completely for single tax filers with adjusted gross incomes of more than \$50,000 and more than \$100,000 for joint filers. You may access [www.ed.gov/offices/OPE/PPI/HOPE/index.html](http://www.ed.gov/offices/OPE/PPI/HOPE/index.html) for complete information. Tax filers should consult their tax advisor for details.

The **Taxpayer Relief Act of 1997** provides other educationally related federal incentives including tax-free Educational IRAs, penalty-free withdrawing from IRAs and 401(k)s, and excludable contributions to prepaid tuition plans. Families are strongly advised to consult their tax advisor about these options.
