

George Dean Johnson, Jr.
College of Business & Economics

Accreditation

Business programs are accredited by AACSB International—The Association to Advance Collegiate Schools of Business (600 Emerson Road, Suite 300, St. Louis, Mo. 63141-6762; Telephone 314-872-8481).

Vision

The vision of the Johnson College of Business and Economics (JCBE) is to become the school-of-first-choice for an excellent baccalaureate business administration education for students of the Upstate of South Carolina.

Mission

USC Upstate's Johnson College of Business and Economics provides and delivers excellent undergraduate business education to a diverse student population. In support of this mission,

- Our educational programs prepare graduates to enter and succeed in a variety of business careers in an expanding global environment through a focus on current and ethical business practices.
- Our faculty is engaged in intellectual pursuits that focus primarily on applied scholarship and teaching excellence.
- Our community and service activities are developed in partnership with business and professional constituencies to enhance the quality of life and economic well being in the upstate metropolitan region.
- As a school, we hold our faculty, staff and students accountable for practicing a high degree of personal and professional excellence, integrity and civility.

Program Goals

The goals of the JCBE for the accomplishment of the mission are to:

- Provide an excellent education to a diverse student body
- Implement the curriculum with a high quality faculty

Degree Programs

The Johnson College of Business and Economics offers programs leading to the degree of Bachelor of Science in Business Administration. Minors in business administration and economics are also offered. In addition to the Spartanburg downtown campus on East St. John Street, courses are also offered at the Greenville campus. Students are invited to visit the Johnson College of Business and Economics to explore career opportunities.

All Johnson College students are required to take the specified general education courses. All students then take a common business and economics core sequence, spanning the full range of business functions. Finally students select a concentration.

Students should begin with the recommended curriculum as early as possible. This sequence includes a combination of business, economics and general education courses suggested for each semester in which the student is enrolled. It is imperative that students begin their mathematics/statistics sequence in the first semester of their freshman year and continue this sequence each semester to make adequate progress in any of the business concentrations. Students in business administration and economics are advised by the faculty from the Johnson College of Business and Economics.

Students not pursuing a Business degree may earn a maximum of 29 semester hours in Business courses, excluding SECO 221, 222, 291, and 292, providing they meet the course prerequisites and have earned 54 credit hours before enrolling in 300-level and above courses.

Students pursuing a Bachelor of Science degree in Business may also pursue any university approved minor except the economics minor and the business administration minor. See catalog section concerning minors. Usually, completing the degree with a minor will require more than the minimum 120 credit hours to graduate.

Admission to the Professional Program (Upper Division)

Students seeking a degree in business must be admitted to the Professional Program (upper division) before enrolling in 300-level or above business administration (SBAD) and economics (SECO) courses.

Application Process

The professional program application form may be obtained from the Johnson College of Business and Economics (JCBE) Office of Student Services or on the Upstate Web site. The application must be filed with the JCBE Office of Student Services no earlier than the term in which students anticipate completing 54 credit hours.

Application Deadlines

Students must be accepted into the professional program before they are eligible to register for upper level (300 and above) business and economics courses.

Admission Requirements

Admission of applicants is based on individual consideration. Each applicant must fulfill the following requirements:

- Successful completion of 54 credit hours
- Cumulative GPA of at least 2.0
- Completion with a C or better: SEGL 101, SEGL 102, SSPH 201, and SMTH 122
- Successful completion of SBAD 225 and SECO 221 or 222

Conditional Approval

Students are conditionally approved for professional program admission during the semester of application to facilitate registration for the following semester. If the student's final academic performance for the semester does not meet the admission requirements, it is the student's responsibility to make the necessary schedule adjustments.

Transfer Students and Conditional Approval

Transfer students who have met the 54-credit hour and GPA requirements at time of admission may be granted conditional admission for one semester in order to complete the specific course requirements.

Graduation Requirements

In addition to meeting the curriculum requirements for a degree in business administration, graduation requires a minimum cumulative GPA of 2.0 and a minimum grade of C (S in SBAD 499) on all upper division Business courses. (A grade of D or higher is acceptable for meeting a course prerequisite requirement unless otherwise specified in the catalog course description.) The highest grade earned on any course in business and economics is applied toward the degree. At least 50 percent of the business and economics credit hours applied toward graduation must be awarded by USC Upstate.

Bachelor of Arts

Major in Nonprofit Administration

Student Worksheet

The Bachelor of Arts in Nonprofit Administration prepares graduates for careers in management and administrative positions within a wide variety of nonprofit organizations such as social services, youth activities, health, the environment, and the arts. The major combines an academic focus with an experiential learning approach, giving students an advantage in competing for positions in the “Third Sector”—a term that distinguishes nonprofit from the business and government sectors. The Bachelor of Arts in Nonprofit Administration is a multidisciplinary degree which builds upon a strong general education foundation and a core of nonprofit courses. It draws upon disciplines such as business, sociology, psychology, government and communications to give students a well-rounded education.

Basic leadership and management principles are stressed in the major courses, including strategic planning, board and committee development, nonprofit financial administration, assessment, marketing, volunteer recruitment and coordination, grant writing, special event planning, and risk management. In addition to actual supervised work experiences in a nonprofit organization, students receive a solid grounding in the history and philosophy of philanthropy and the nonprofit sector in the United States.

USC Upstate is affiliated with American Humanics (AH), a national alliance of colleges, universities and nonprofit organizations dedicated to preparing undergraduates for careers in nonprofit leadership. The Bachelor of Arts in Nonprofit Administration includes the competencies required by AH for national certification. Other certification requirements include active participation in the American Humanics Student Association and attendance at one AH Management Institute.
