# Guests Enters Meeting Code

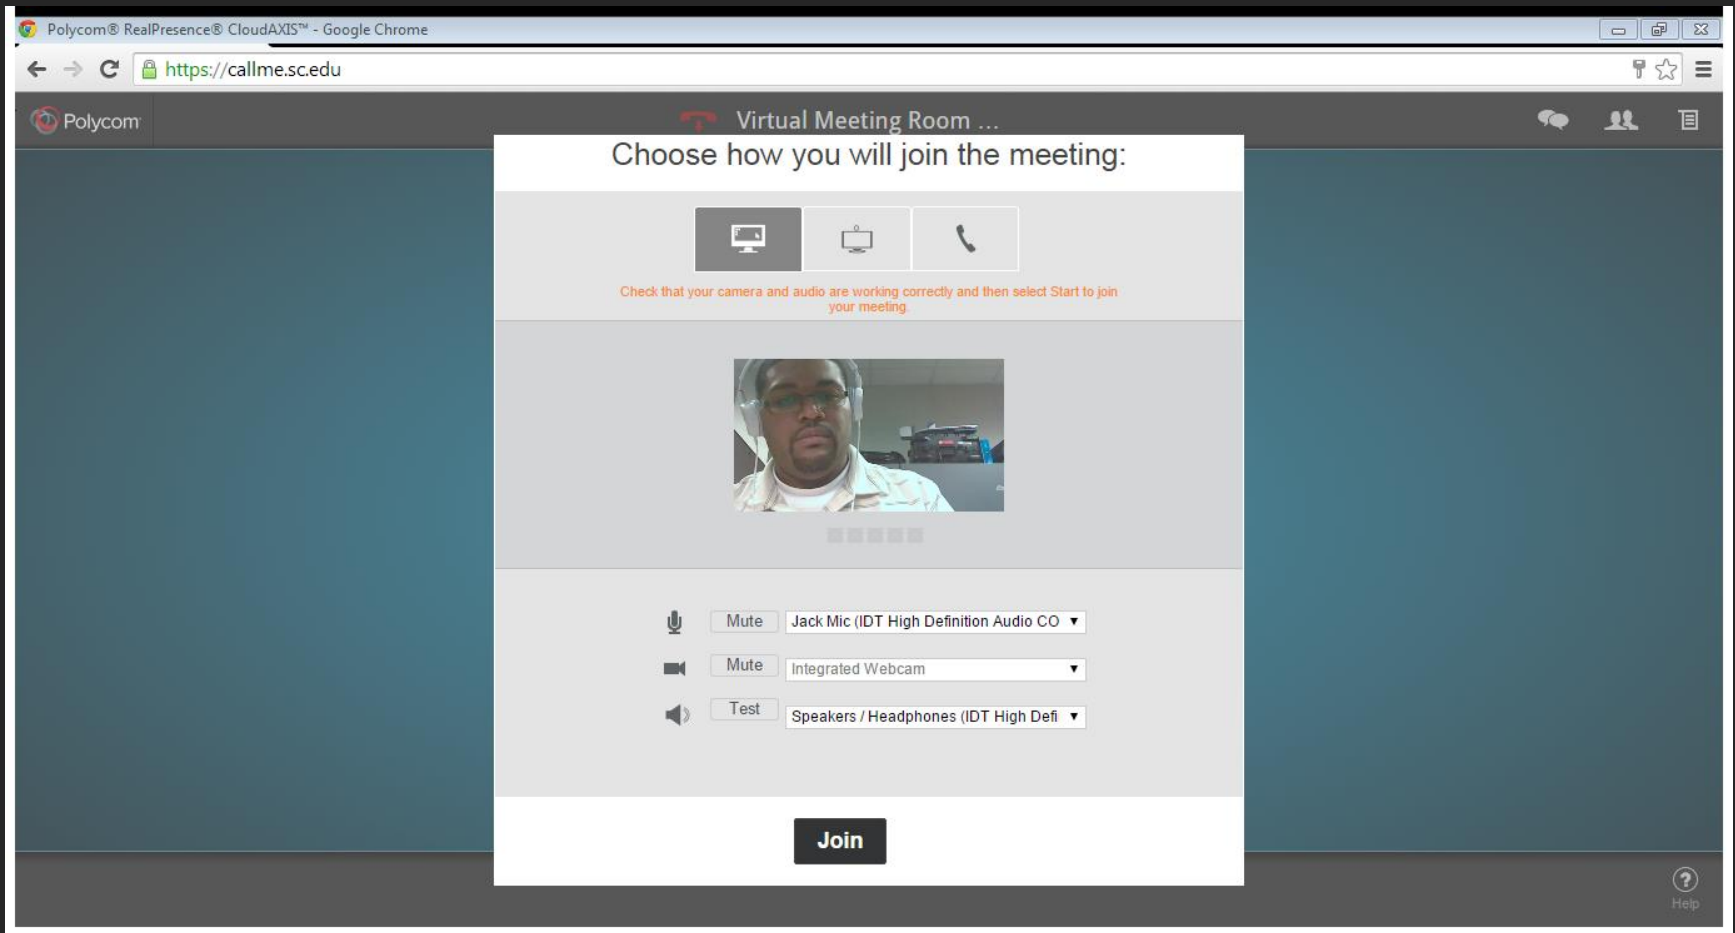

The screenshot shows a web browser window with the title "Polycom® RealPresence® CloudAXIS™ - Google Chrome". The address bar displays "https://callme.sc.edu". The main content area is split into two sections by a vertical dotted line. The left section is a solid teal background. The right section has a dark teal background and contains the following elements:

- Join an online meeting**
- Meeting code**
- 
- Passcode (Optional)**
- 
- [Join Meeting](#)
- [Sign Out](#)

At the bottom of the page, there is a footer with the following text:

# Guest Selects Which Mic, Speakers, and Web Cam They want to use

Be sure not to have another program running that uses the same mic and web cam like recording software

Guest will see and hear USC Employee once the USC Employee Enters Meeting Number in a Polycom, or Cisco Tandberg Video Conference System or Laptop

The image is a screenshot of a web browser displaying a Polycom video conference. The browser's address bar shows the URL <https://callme.sc.edu/80310195569>. The Polycom interface includes a top navigation bar with the Polycom logo, a "Virtual Meeting Room ..." title, and icons for chat, participants, and a menu. The main area features a large video window showing a man with glasses and a name tag, standing at a podium and gesturing with his hand. The bottom control bar contains buttons for "View Self", "Hide Main Video", "View Content", "Mute" (microphone icon), "Mute" (video camera icon), and "Help" (question mark icon).
