

Report of the Promotion and Tenure Committee for Academic Year 2016-2017

Two members of the committee, Ben Snyder (SOE) and Charles Reback (JCBE) completed their terms. Nur Tanyel (SOE), and Frank Rudisill (JCBE) were elected to replace them. Jon Storm (NSE) was elected by the committee as the chair for 2017-2018.

The committee considered 16 files for either promotion or both promotion and tenure. All files were approved and sent forward.

During the year, the committee encountered several problems with procedures at the peer review level. These were addressed with Dr. Clif Flynn, who agreed to address the issues with the incoming peer review chairs.

Several of the documents used to prepare candidates were edited by the committee as a whole and placed on the P&T website.

Two workshops were held to assist future candidates for promotion and tenure in preparing their files. These were both well attended.

Lastly, the committee considered and made recommendations for the new unit criteria for FACS.

Respectfully submitted,

Benjamin J. Snyder

Associate Professor, Exercise and Sport Science

Chair, Promotion and Tenure Committee 2016-2017
